

Larc School Spirit Day

Happy Friday!

On Sprit Day we usually start by playing some dance music to get everyone up and dancing! Next, we play an exercise song that all the students follow along to. Below are links of two songs we would usually dance to. After our songs, we have Erin read 5 fun facts. Then we would have staff and student activities, but today we will be doing a special photo scavenger hunt from home. When you are finished please send your favorite pictures to events@larc.school.org.

Suggestions:

- Please wear blue or Larc Spirit Wear!
- Don't rush you have all day! Try to get as many as you can!
- Try to have as many family members involved or included in the picture!
- Have fun and think outside of the box!

Time to Dance:

FUN FACTS FROM ERIN

- 1) The city of Venice in Italy is known for having canals that run throughout the city. With the entire country on lockdown, an amazing thing has occurred and for the first time in over a century the waters, which are usually murky, are beginning to run clear and people are seeing larger schools of fish as well.
- 2) A young man in the state of Maine created a Facebook group for himself and some friends to get through this difficult time. It is called Quarantine Karaoke. This group, in less than a week, has grown so large that it is now an international phenomenon. This group has been featured in various news reports and is great way to spread the joy in this difficult time.
- 3) Seven-year-old Cavanaugh Bell from Maryland heard about the stay at home order and became worried for his grandmother and the other senior citizens who live in her building. So, with the help of his parents, he went door-to-door and delivered the necessary supplies they might need. He wanted to help more people, so he raised an additional \$5000 and was able to deliver supplies to 68 others who were in need and unable to get the supplies themselves.
- 4) With most of the country on lockdown and many future concerts and shows cancelled, performers decided to not let that stop them and many have performed live virtual concerts that everyone can enjoy. Some of the artists that have performed include John Legend, Andrew Lloyd Weber and Lin Manuel Miranda, and Garth Brooks. Also, many more are signing on to perform as well so keep an eye out to see who else might join the mix.
- 5) For the last fun fact, being out of school can be hard for students when they miss teachers and other staff. Many schools have started nightly bedtime stories. At bedtime, the students get to hear a story from their teachers and administration. At Larc, some teachers are using our parent communication app Bloomz to post videos, stories, or lessons. We are lucky to have technology to allow us so many super fun ways to stay connected!

Larc School

Scavenger Hunt

Take a picture of.....

1. 3 items that are Blue
